

# COMPREHENSIVE

## WEALTH MANAGEMENT

Please review this checklist before filing your taxes!

## Tax Time Checklist

*We recommend that you provide a copy of this checklist to your CPA so that they can better assist you.*

Below is a list and description of the documents you or your CPA will need to prepare your taxes this year with respect to your CWM managed accounts. Tax documents for CWM managed accounts held at Schwab are available for download in your Document Vault in the Client Portal. Non-Schwab account tax documents will be mailed directly to you by the custodian.

**IMPORTANT: Please keep in mind that CWM MUST receive all requests for tax documents no later than March 16, 2026. Requests are processed in the order received and those received after March 16<sup>th</sup> may not be completed by the April tax filing deadline.**

### 1099-Composite (Non-Retirement Accounts)

Examples of non-retirement accounts:

- Individual Accounts
- Joint Accounts
- Trust Accounts
- Transfer on Death Accounts
- Custodial UTMA/UGMA Accounts
- Corporate/LLC/LP Accounts

The 1099-Composite includes dividends, interest, buys, and sells (i.e. gain/loss schedule) for the year. As a result, this document is all that you or your CPA needs in order to report on your non-retirement investment accounts.

**You will receive this document around mid-February from Schwab by mail or in electronic format** and it will be available to you on your [CWM Client Portal](#) or online at [Schwab.com](#). If you do not remember your Schwab.com login, please contact Schwab directly at 800-515-2157 to retrieve this information (Schwab will not release your login information to CWM).

More often than not, a corrected 1099-Composite will be issued as late as the middle of March, so we **strongly recommend that you do NOT formally file your taxes before April 1<sup>st</sup>.** (If a corrected 1099 is generated, this is not due to any action on the part of CWM or Schwab; rather, the various fund companies that provide information for 1099s dictate the changes and create the need to issue a corrected 1099.)

# COMPREHENSIVE

## WEALTH MANAGEMENT

If you are working with one of our recommended CPA partners (listed below) they will already have access to your Schwab 1099 documents and there will be no need for you to bring additional copies with you to your meeting:

- Rick Foster - OR - Teresa Gill of *EFG CPAs, PLLC*
- Brent Hagen - OR - Pam Yi of *The Hagen Firm, PLLC*

### **Management Fees**

Professional fees, such as attorney fees, CPA fees, and advisory fees are not tax deductible. Management fee totals can be found on your quarterly billing statements located in the Document Vault of your CWM Client Portal or on your 1099 – providing management fees are deducted from the account.

### **1099-R (Retirement Accounts)**

Examples of retirement accounts:

- IRA, Rollover IRA, SIMPLE IRA, SEP
- Roth IRA
- Annuities
- Individual 401(k)
- 401k, 403b, 457
- Defined Benefit Plan, Cash Balance Plan

1099-Rs are produced when a withdrawal is made from a retirement account. If you took money out of a retirement account in 2025, you or your CPA will need to account for it using the 1099-R.

**You should receive your 1099-R by the end of February from the account custodian by mail.**

**Special Notice:** If you purchased a life insurance policy with a long-term care rider (aka hybrid-life) to exempt yourself from the Washington Cares Act, you will receive a 1099-R stating how much the long-term care rider cost for the year. This is purely for informational purposes, and you do NOT need to account for this on your return.

### **Year-End Gain/Loss Report (Retirement Accounts) - You do not need this report to file your taxes**

As of tax year 2023, Schwab no longer produces a Year-End Gain/Loss report for retirement accounts. Should your CPA request this information please provide them with your December 2025 statement from Schwab available in the Document Vault in your Client Portal or at Schwab.com.

It is also important to note that the Year-End Gain/Loss report does NOT provide you with enough information to determine how your account actually performed, as it ONLY lists the realized gains and losses (i.e. positions that were bought and sold) during the given tax year. What the gain/loss report does NOT include are any unrealized gains/losses (that is, gains or losses on positions that have yet to be sold),

# COMPREHENSIVE

## WEALTH MANAGEMENT

nor does it report any dividends or interest received. As a result, the report does NOT give you the full picture as to how your retirement account(s) performed.

**To review CWM managed retirement account performance for 2025, please follow these steps:**

- 1) Log in to your [Client Portal](#)
- 2) Upon login, you will be on the 'Managed Accounts' screen which shows the aggregate performance for your CWM managed accounts
- 3) On the left side, select the account for which you would like to view the performance
- 4) Click on the date range in the upper right corner and input the date range for which you would like to view performance

**Please call (425) 778-6160 or e-mail [Info@CWMnw.com](mailto:Info@CWMnw.com) should you require assistance accessing the Client Portal.**

### 5498 (Retirement Accounts)

Examples of retirement accounts:

- IRA, Rollover IRA, SIMPLE IRA, SEP
- Roth IRA

5498s are produced when a contribution is made to a retirement account. If you contributed to a retirement account in 2025, then you or your CPA will need to account for it. **There is one exception here;** if you are putting money into a retirement plan such as a 401k or 403b *through work*, you do not need to account for it *unless* you are self-employed.

Since you have until April 15<sup>th</sup> (or later in some cases) to contribute to a retirement account for the prior year, **5498s are not mailed until the second week of May.** As a result, it is very important that you know what your retirement account contributions were for 2025 when you or your CPA prepares your taxes.

You can find this information by reviewing the "Transaction History" for your account on [Schwab.com](#).

**CWM does not offer tax advice. Consult your CPA for specific tax questions.**
